

Flora Office Center

Prague 3, Vinohradská 151

The **Atrium Flora private office center** is located in the same-named shopping center in Vinohrady. A modern building at a prestigious address with excellent transport accessibility and civic amenities. The vision, already fulfilled, was to provide clients with an environment for business that connects business (offices, meeting rooms, own reception, copy centers, top ICT services, hot desk) and personal rest (relaxation zones, own private terrace, equipped kitchens, call room) etc.). The relaxation zone offers the possibility to play Playstation, football, watch sports matches, exercise or just relax. Clients also have a private terrace with an area of 800 sqm, which is divided into work, relaxation and sports zones. The terrace full of greenery offers a beautiful view of the metropolis. An outdoor meeting room for up to 50 people enables open-air meetings. There are plenty of cafes and restaurants.
